

Please maintain the no call list as is. It helps to keep unwanted calls from coming in. I pay for my phone line and I do not want the phone solicitors calling me. I should have the right to keep them from taking up my time. Regardless of having done business with them it is not right that they should be able to call and take up my time. I think they forget I pay for my phone service and their intrusion into my home is unwanted.

Sincerely,
Sharon Burdick
